ALDO  
ANTOLLIExperienced and disciplined leadership.  
Practical reform for all of Kingborough.

## FOR MAYOR &amp; COUNCILLOR

Four years of **turning up**.  
Not **just** at election time.

I am a Kingborough councillor, a Margate local, a husband and dad, and a successful CEO of multiple community service and business organisations. For four years I have turned up: at community meetings, on your roads, in the chamber and at your door, in every part of the municipality. I see the great work our council and its people do every day, and I understand where we fall short and how to fix it.

- ✓ The councillor everyone turns to when there is a problem with the bureaucracy
- ✓ The only councillor to vote against this year's 6% rate rise and record deficit, the 19th in 22 years
- ✓ Moved the successful motion to withdraw the controversial Bonnet Hill and Bruny Island Specific Area Plans, which the community detested

Everything is at  
[www.aldo4kingborough.com](http://www.aldo4kingborough.com)

Scan for my full priorities,  
my record, and ratepayer  
resources.

Postal ballots arrive from 5  
October. Voting closes  
2pm Tuesday 27 October.  
Decide Kingborough's  
future now.

# Four things I will fix as Mayor

1967 BUSHFIRE  
MEMORIAL, SNUG

BRUNY ISLAND

## 1 Landowners are our bushfire front line. Council must stop getting in their way.

- ✓ Let you clear bushfire fuel on your own land, extend green waste arrangements so you can clear before the season, and hold council land to the same standard

## 2 End excessive planning information demands.

- ✓ Rebuild planning around business and residential customers: minimal reasons to say no, maximum help to get approved, and an end to the excessive use of requests for information. **No more zoning crises**

## 3 19 Council deficits in 22 years. Enough.

- ✓ **Mandated budget surpluses** and rate rises only as a last resort. Clear the \$10.9 million Kingston Park debt and its \$552,000 a year interest bill
- ✓ **Kingston:** no more Kingston bus interchange or Summerleas Rd underpass fiascos. Council-level oversight on major projects
- ✓ **Bruny Island:** needs State and Federal funding support. Visitor levy discussions are current with the Premier's Office: tourists pay, locals exempt, every dollar stays on Bruny. Fitting for the south's number one tourist destination

## 4 Get ahead of road maintenance instead of chasing it.

- ✓ **End the pothole tyranny:** more funding for the engineering team, and a published works list with a date against every job, reported every quarter so you can understand timing
- ✓ **Margate and the Channel:** a safe crossing for our kids at Margate, a safe turn out of Sandfly Road, and the Huntingfield to Margate shared path built with State funding support
- ✓ **Bruny Island:** seal as much of the Lighthouse road as possible, so road dust stops fouling tank water

*Rural or suburban, Channel or island: every part of Kingborough heard, and every part supported. No more great divide.*
